

CLIFTON

Centenary song

CALLS US HOME composed by Jane Magner

Verse 1: Solo

We heard it ringing loud and strong,
It lets us know that we belong.
For across the lands, all the seas and sands,
We listen for the bell that calls us home.

Verse 2: Solo

For men of old and men of new,
The echoes of our brothers ringing true.
For across the lands all the seas and sands,
We listen for the bell that calls us home.

Chorus: All choirs

And when I hear it ring, I can't help but sing,
Of how it all began.
And my heart will beat as the song rings out,
And we stand as one.
For across the lands all the seas and sands,
We listen for the bell that calls us home.

Bridge: Acapella Chamber Choir and Drum Squad

Those memories they still carry me through,
How hard we fell how high we flew.
For across the lands all the seas and sands,
We listen for the bell that calls us home.

Verse 3: Solo

We know the world can't take away,
The voices we listen for each day.
ALL: For across the lands all the seas and sands,
We listen for the bell that calls us home.

Chorus: ALL

And when I hear it ring, I can't help but sing,
Of how it all began,
And my heart will beat, as the song rings out,
And we stand as one.
For across the lands all the seas and sands,
We listen for the bell that calls us home.

For across the lands all the seas and sands,
We listen for the bell that calls us home.

OUTRO:

We listen for the bell that calls us home.
